Chief Paul Hasenmeier, Hernando County's Fire Chief and Public Safety Director, provided useful background and info.

While U.S. military Veterans are entitled to certain benefits upon their demise, many of these benefits cannot be provided unless applied for in advance. **Mr. Paul McLemore from DAV State of Florida** provided essential information about these benefits & how to obtain them.

"Not Forgotten" Memorial Day

We sincerely hope you were able to join us for our Memorial Day Ceremony at the Veterans Memorial located on GlenLakes Blvd, near the front entrance of GlenLakes on **Monday, May 25, 2026 at 11:45 AM** when the flag was returned to full staff by the Springstead High School Air Force JROTC Honor Guard. We were also honored that [State Representative Jeff Holcomb](#) spoke glowingly. As you can see above, it was very well attended. If anyone made a video of the service, we'd appreciate a copy being provided to Dick Rowland at fairmgr@aol.com.

Bob Henry solemnly extolled the 50 or so names of Veterans who have passed that were requested by GlenLakes residents using a dedicated email address **notforgotten@glenlakesvets.org**. The Veteran's name, service affiliation, and rank, if known, were read out loud, followed by the ring of our new ceremonial bell. Reading the names of deceased veterans serves a deeper purpose. It restores an individual's identity. A name spoken aloud is a life acknowledged. We all have a moral commitment "To remember them".
