Ryan Golinski, our Participating Golf Sponsor for our Veterans Day Scramble, will discuss tax and financial issues at the GlenLakes Clubhouse. Ryan specializes in financial advice to veterans and their families.

Leon Harvey, our Veterans Service Officer (VSO), will also make his "What Survivors Need to Know" presentation. Bring your questions to obtain his informed answers. Just in case, he's also bringing a specialist from the VA.

As in the past, the GlenLakes Veterans and Friends Association held a Memorial Day Ceremony at our Veterans Memorial near the front entrance of GlenLakes at 11:45AM when we returned the flag to full staff. We're grateful for State Representative Jeff Holcomb taking the time to offer his encouraging words.

For the first time, the GLVFA read out loud the names, service affiliation, and rank of veterans who have passed, followed by the ring of a new ceremonial bell. Twenty-five (25) plus names were so honored. GlenLakes residents provided us the veterans' information re family members, friends, or neighbors through a dedicated email address notforgotten@glenlakesvets.org that remains usable for subsequent events.

Healing unseen wounds through the comradery involved in the playing of golf is the goal of the **Fairways for Warriors** organization. Tampa Chapter Director, Jay Ellis, shared the mission of FFW, to help combat wounded veterans of any era and to reduce the number of suicides in that population.

Colby Dawson, aide to our local Congressman Gus Bilirakis, also provided a "Legislative Update". He emphasized that we should call their local office at (727) 232-2921 anytime we need help with the VA or any governmental matter.
