

Our Charter:

Glen Lakes Veterans & Friends Association is a non-profit veterans support group dedicated to providing financial and operational philanthropic contributions to resident Glen Lakes veterans and veteran's chapters in Central Florida's Hernando and Citrus counties.

Our Mission:

"All gave some, some gave all..., therefore, We give to them and their families"

"...I will support and defend the Constitution of the United States against all enemies, foreign and domestic...so help me God."

Why do We

Give? Because their full measure of devotion was given to **You** and **Me** to ensure the liberties and freedoms that we, as Americans, have come to enjoy every day in a free Republic. Established in 2016, GLV&FA has had its roots in providing ongoing critical funding support to local Veterans Chapters. Our purpose is to provide a means for veterans to have a place to seek friendship, service officer help, and safety. To date, GLV&FA has successfully raised over \$200,000.00 for local veterans service organizations. Through the participation of over 90 local business enterprises in both Hernando and Citrus Counties, our efforts to secure vital funding for deserving veteran's chapters continues to be a welcomed reality.
