As summertime continues with its hot and steaming days, it's almost time for pumpkin spice and of course, our first meeting of the fall season!

Be sure to mark your calendars for **September 7th, 9am.**, as GLVFA holds its next members meeting at the clubhouse ballroom, 9am.

Bob Henry (of Microsoft) will provide a presentation on all the latest tech news to help attendees become more productive with their high tech devices.

New Granite Flagpole Markers

Our meetings are open to all GlenLakes veterans and residents (friends!) alike. Please come and enjoy our meeting's traditional coffee and donuts while engaging in our community's patriotic comradery! Membership is free, our hour-long meetings are always informative and enjoyable. Grab a neighbor and please join us! We'd be happy to see you!

CO, MOS, or TDY?

We don't use these military terms anymore but we do use "R&R"!

On Sept 23, 4-7pm, we will have our next Rest and Recuperation event at the GlenLakes Clubhouse, in the upstairs ballroom.

U.S. Space Force

The GlenLakes Veterans memorial continues its vision with the addition of granite markers that denote each military service's symbol, birth date, and motto. Simple in design, the granite markers greatly add to the significance of the memorial by highlighting each service's flagpoles.

The GlenLakes Veterans Memorial is one of the first memorials in the area to include the military's latest service with a dedicated flagpole and marker.

This month we honor **Ron and Carolyn Ford** who have been a huge part of GLVFA since it was formed back in 2016. Ron is an original co-founder of the organization with Carolyn at his side every step of the way. The Fords recently relocated back home to northern Michigan to be with their family. All of our GLVFA family wish them the best and Godspeed to both. They will be dearly missed. Ron will continue to assist in the GLVFA mission from his northern outpost!

GLVFA is pleased to announce that long time member Curt Reilly has taken over Ron Fords' leadership role. Curt is assuming duties as administrator for the organization. We all welcome Curt to his new position!
